The Connecticut Statewide Respite Program offers daytime or overnight relief for caregivers of individuals with Alzheimer's or related dementias. The task of caring for a person with dementia is overwhelming. Family caregivers often develop stress related illnesses such as heart disease, hypertension, or ulcers. An occasional break allows an exhausted caregiver to regroup, both physically and emotionally, and to find the strength to carry on.

The Connecticut Statewide Respite Care Program is funded by the State Department of Social Services and is operated in partnership with the Alzheimer's Association Chapters of Connecticut and the Connecticut Area Agencies on Aging. The program offers caregivers the opportunity to receive an assessment of services needed and have a care plan developed and/or purchase services for the individual with dementia. Eligible families may apply for daytime or overnight respite care services including: Adult day care, home health aide, homemaker/companion, skilled nursing care or short term nursing care. To apply for the Connecticut Statewide Respite Care Program and for further information, call the Western Connecticut Area Agency on Aging at 1-203-757-5449 and request an application.
